ABOUT OUR COMPANY

2A Associates Limited, a privately owned limited company.

It was formed in 2010 and was incorporated with Limited Liability in 2013 in response to the increased demand for quality services in the fields of civil/structural engineering, architecture, quantity surveying and general trading. The current rate of development in both urban and rural areas coupled with increased population growth not only requires quality provision of services in the above fields but also sustainable cheaper services.

2A Associates Limited is a Multi-Disciplinary Company dedicated to providing world class, quality professional services to our clients. Our strengths to offer services in different disciplines allow.

2A Associates Limited to serve its clients' needs and evolve to meet today's dynamic development climate. 2A Associates Limited is a legally registered company to carry out business in Uganda and elsewhere and aspects of engineering and trading fields.

The company engages in design and construction of engineering structures such as water works, buildings and roads, supervision of the structures, maintenance of engineering projects, sanitation promotion management and assessment and general trading
